MADISON PHYSICIANS HAVE A BIG DAY

Enjoy Fish Fry At Boonesboro
and Hear Address By Arthur
McCormack.

Madison county doctors had a most enjoyable day at Boonesboro Bathing Beach Thursday. Dr. Arthur McCormack, secretary of the State Board of Health and his wife were their guests, and delivered a splendid address. He spoke chiefly on Communicable Diseases and what the government is doing to prevent them. Fried fish and fried chicken were the principal points on a delicious menu which was greatly enjoyed by all. Dr. McCormack's address should have been heard by everyone. He is an authority. He is recently back from Panama where he followed Goethals in much of the big work he did on the isthmus. Nearly every physician in Richmond and Madison county was present. Dr. McClure, of Lexington and Adjutant General Tandy Ellis came over with Dr. McCormack. Gen. Ellis was so much impressed with Boonesboro that he plans to send one of the newly organized companies of state guards to camp there soon, and will endeavor to have them there Sunday.

SUES L. & N. FOR \$10,000 DAMAGES

Suit for \$10,000 damages on the grounds that carelessness of its employees caused the death of John Corbett, at Millington, Madison county, last February was filed against the L. & N. railroad company, and Walker D. Hines, U. S. Administrator of Railroads by Wm. Jenkins, administrator of Corbett, in the Madison circuit court Friday.

The petition which was drawn by Attorneys H. C. Rice and O. P. Jackson, representing Wm. Jenkins, administrator of Corbett, alleges that the engineer on the train was not at the place on the engine he "was required to be" else the accident by which Corbett was struck by the engine and killed would not have happened. The petition admits that Corbett was on the defendant company's right of way at the time of the killing which occurred February 1, 1919.

FEDERAL CONTROL OF SUGAR AGAIN

(By Associated Press)

Washington, August 22—Active control of sugar prices was resumed today by the Government, through an agreement reached between the Department of Justice and the Local Administration that licenses will be revoked by the latter when it is shown dealers have been profiteering.

Sugar should reach the consumer at approximately eleven cents a pound, it was announced based on the ownership of the entire domestic and Cuban crop by the United States Sugar Equalization Board, which is selling to refiners at 7.28 cents a pound.

Refiners are under contract with the board to sell at 9c, less 2 per cent discount for cash, wholesalers and jobbers are permitted a maximum of 68c for each 100 pounds for handling, and retailers are permitted a profit of one and one-half cents a pound, making a fair price 11 cents except in cases where dealers have purchased at an "unreasonable" price due to misunderstanding in the trade. When this is a fact, a reasonable advance above the actual cost will be permitted.

FIVE BANDITS KILLED

(By Associated Press)

Marfa, Texas, Aug. 22—The American punitive expedition against the Mexican bandits who held the American aviators, Peterson and Davis, for ransom is making progress today, according to advices from the field. The Americans so far have killed five bandits.

Yanks Kill Four Bandits

Marfa, Texas, Aug. 22—Four Mexican bandits were killed by American troops in Mexico, Capt. Leonard Matlack, who arrived here by airplane last night, reported. They were surrounded in an adobe block house that the Mexicans had constructed in a mountain pass. The bandits fought desperately when they found they were trapped and two escaped.

When the American troops approached the blockhouse with the intention of searching it the Mexicans opened fire from portholes. The fire was returned and the blockhouse charged by the American cavalry troops.

Three of the four Mexicans killed have been identified as Jesus Janir, Francisco Janir and Jose Fuentes. The identity of the fourth bandit has not been ascertained. All four are known to Capt. Matlack to be bandits who have been operating along the Big Bend border for years.

The two men who escaped were pursued, but the trail was lost in the mountain canyons.

It was definitely established that Renteria, leader of the outlaw band that captured Lieutenants Harold G. Peterson and Paul H. Davis, American aviators, was not among the dead.

Capt. Matlack said he passed a column of 200 Carranza troops below the border yesterday. The Carranza commander asked where the Americans were going. When he was informed they were pursuing bandits he waved his hand and said, "Go ahead."

Drummer Succumbs

A. L. Ratzky, aged 38, traveling representative of the Mason Tire Company, of Cincinnati, died at the Clark county jail Thursday of brain trouble, with which he apparently became suddenly affected. RIOTING CHARGED IN STREET CAR STRIKE

(By Associated Press)

Louisville, Aug. 22—Six men, arrested charged with rioting during the operation of one street car line for a short time, and a conference of business men who are seeking to end trouble, were the developments in the street car strike which began its fourth day today.

Carrying out Mayor Smith's orders to the police to disperse crowds assembling in the vicinity of the car barns, police broke up a mass meeting at the car barn at 28th street and Broadway.

W. A. Whitehouse, president of the local carmen's union, and P. J. O'Brien, national organizer, protested against police interference and hurried to the City Hall, where they are said to have received assurance that they could talk to the strikers if they did not obstruct traffic.

During the afternoon the company renewed its efforts to restore service, sending out four cars from the Broadway barn. Police were stationed at every corner along the route of 25 blocks, and each car was followed by a police machine, but no policemen were aboard the cars.

This procedure was said to indicate that the city had acceded to the union's demand that police be withdrawn from the cars, but that the Police Department was determined to maintain order wherever cars were being operated.

NOTE DEMANDED \$10,000

FROM FORMER MRS. MAYO
Following an examining trial held at Catlettsburg, Claybourne Hughes and Albert Darby, charged with the killing of Charles Ammons, of Flatwoods, were held under bond in the sum of \$1000 to await the action of the Boyd county grand jury.

Ammons was killed Sunday as the result of the posting a watch over the residence of Mrs. Samuel P. Fetter formerly Mrs. John C. Mayo, on the lookout for the authors of a note demanding \$10,000 in cash on penalty of injury to Mrs. Fetter's children John and Margaret.

The watchman fired when they became alarmed at the peculiar actions of Ammons.

Every effort is being made to discover the identity of the authors of the note. A dummy package containing a roll of one dollar bills was placed on the spot designated by the letter and Chief Payne and members laid in hiding many hours last week, but without result.

The letter received by Mrs. Fetter was as follows:

"Mrs. Mayo: We are two young men with business opportunity but no money. We want you to leave us \$10,000, every cent of which will be returned to you inside of three years, with 6 per cent interest. Have your negro man leave it, securely wrapped, all old, used unmarked bills, inside the fence at the northeast corner of Fourteenth and Carter streets, Tuesday night, August 12, at 9 o'clock.

"Failure to comply with this request or any attempt at detection or deception will result in the maiming for life of your son John or daughter or the dynamiting from the foundation of your new house inside a week.

"Of course you can put the police on the job and get the one that goes for the money, but the other will carry out the above program the same. You can loan us this money without hurt you a bit, and it will mean worlds to us and you not lose a cent. It will be paid back to you or to your heirs, in case of your death, and hope you will do this for us."
